

Tramigo Landmark Coverage Map

MALAYSIA

Tramigo Speaks Human - Easy to understand locating

Tramigo Landmarks make locating easy by using local landmarks you already know to communicate the locations of your assets or loved ones. All Tramigo T22 Series tracking devices come preloaded with up-to date landmark data covering the entire country.

- Understand location messages without reading GPS coordinates.
- Over 20 000 Landmarks in Malaysia, Brunei, Singapore, Thailand and Indonesia
- Possibility to add your own landmarks (home, office, etc...)
