

T22 Moto Tracking Device

“The Ultimate Guardian”

Tramigo T22 Moto Tracking Device is the ultimate guardian of your motorbike or other light vehicle.

- In-built Motion-Sensor notifies you instantly in case your bike is harassed
- Check Location of your motorbike with SMS
- Receive useful automated reports such as speed, trip or zone crossings
- Use local language commands on any mobile phone or PC
- No monthly fees, location information with local GPS powered TLD landmarks*

T22 Moto Tracking Device enables you to know always where your vehicles are and is easy to install to any motorbike, golf cart, snowmobile or other light vehicle. It can be installed fully hidden and powered from vehicle's battery.

T22 Moto Tracking Device has special version for each country using local language and local TLD landmarks. There are no monthly or annual fees; the user only pays the normal price of the SMS messages sent.

T22 Moto key features include:

- Motion Sensor Alarm
- Speed Reporting, Trip Reporting, Zone Monitoring etc.
- Microphone for listening the Moto's surroundings
- In-built back-up battery and emergency phone
- Free Smart Phone and PC Software for Fleet Owners
- Shut Down Engine, Ignition Sensing and Other IO features

"My Bike: Speed limit detected, moving at Walpole Highway, Norfolk, East Anglia, UK, S with speed 106 km/h, 52.70168, 0.24309, 14:48 Jul 30"

[actual sample SMS sent by T22]
